I am an AIESEc'er

The international platform for young people to explore and develop their leadership potential

About AIESEC

AIESEC is the world's largest student-run organization. Active in over 1700 universities across more than 107 countries and territories with over 30,000 members, our international platform enables young people to explore and develop their leadership potential for them to have a positive impact in society.

In partnership with business and higher education, AIESEC has over 60 years of experience in developing high-potential students into globally minded responsible leaders.

AIESEC's innovative development process consists of unmatched leadership experiences, international opportunities and a global learning environment.

AIESEC uses an innovative approach to engaging and developing today's youth. By offering opportunities to build extensive international personal networks and explore leadership opportunities, we provide a platform for young people to discover direction and ambition for their futures.

The AIESEC Experience

AIESEC offers youth-driven impactful experience to our members.

Youth driven: We are run by youth for youth

Impactful: We enable a strong experience to our stakeholders that change them and/or societies

Experience: Our experience is comprised of a global learning environment, leadership opportunities and international internships

The structured program offered to all members of AIESEC in over 100 countries is called 'The AIESEC Experience'.

In this program, all members go through a formal introduction to the organization to connect them with the purpose, values and impact of AIESEC. Members then take on responsibility virtual or physical, in some area of operations and activity. Members then have the option to take on leadership role, internship, or both. The final step of the AIESEC Experience is to head to the future - to take the skills, inspiration, and networks from AIESEC to have a positive impact in society.

Key principles of the AIESEC Experience

Taking and active role

AIESEC has an incredible platform; however, it is ultimately up to the individual to take full advantage of these opportunities.

Increasing capacity

AIESEC provides young people with the opportunity to increase theoretical knowledge and practical experience in a wide-range of functional and soft skills.

Building network

AIESEC provides young people with the opportunity to create a strong and global network to support them in their personal and professional pursuits.

Developing self awareness and personal vision

AIESEC supports young people in clarifying and expanding their ambitions through mentorship, personal vision exercises and an inspiring environment.

Challenging worldview

AIESEC "shakes up" the way young people see the world through intense experiences such as conferences, working abroad, and engaging in diverse environments
